among these who make the laws by which ial form of government. The rule has been appoint the officials of the territories from a states, and their selection has generally m notities, motives, not for what continue and ways. Some of the offius office halders in the rule in all the territoexcellent mon, yet the people would naturally prefer to have a voice it the selection of their

But with Materiood will also come many rdesi not known to the people while in a terbearier taxation, greater responsibility and ive amount of politics. By the time two or three contests for governor and United States senitor, the non-office steking classes, the praceably disposed people, will occasionally sigh for the return of the quiet territorial

Oregon is not altogether disinterested in the question of the almission of her sister into the union. The interests of the two sections in many things are common, and the adthe more votes to the representation in congress rom the north Pacific coast would give this part of the country an influence that would more frequently make itself felt in legislative halls of the nation.

## MISINTERPRETED.

It is plain from the somments of most demthat it has wen these elections on its own for the democratic party. That party offered resson whatever why it should do so. In this 000. country a certain proportion of citizens have habit of poting for candidates presented by In some states their vote was not out, in others

party. To socomplish these things they cour. state of religion." ageously beought their own party to lefeat. It is a striking instance of the purblind condicertain democratic roll licians that they ble to see this but interpret the result as an emphasic approval of the domocratic party by multitudes who hitherto have been voting with the republicans. Of ocurse it is nothing of the kind.

## EGAINST LOBBYING.

A journal of California (x) resses the hope that the provision of the new constitution against lobbying in the legislature will be en-forced at facrament, this win.or. One section provides for the junishment of bribery of and provide their present harmony and pr in North Caroli in annually. These bales will arrive age 100 pounds. At nine cents per pound premises, and covers another and thinder of appliances and means of securing industrice with an increty indirect and of doubtful proposity. Everybody can give some general doubt norm to the term lightly and to the norm going to lead the term lightly and to the norm going to lead the term lightly and to the norm going to lead the term lightly and to the norm of the second term of the second te such a definition is given to bring a case withsuch a definition is given to bring a case with in it. In adjointing a case of this lend to a project probability of endough the general probability of endough in the project and design differs in options six to what was project and disgrimate in the promises. It will not be generally to based that members of a legislature slid like triated like the project and design and the project and design and the project and design and the project and the project and design and the project and the p a pary to a murder base forbidden to speak to that k or one or to allow any one to speak to them on matters of legislation. And yet lobbying is a great and increasing evil. He bad is it in our state

and he when a session is ended. But it are by expelling homefrom the seat of government and destroying his in an out trial.

AMBRICAN SHIPPING.

Expense differ on nearly extry question continuinto a state. It is, in fact, a great brought before there in fact which scame to common than any of our despetates have show that the testinging of expents is of factic non their noisessord, with the exception more value than that of common observers. " The people of Washington For example It is carious to dote how conm to be nearly quantitions in their desire tradictory are the views of experts on the c. Dephilose they have weighted causes of the docay of our morphism marine, well, and are colletified that it Some attribute this decay to want of protecte the bladeas and responsibilities it rect competition with the charp labor and ould entail. They are well at le to support a abundant supply of such continue as Great s government. The injustice of a sittle Britain and Norway. But there is division of ion which virtually excludes them forms inpurior as to the malare of the effect optioner in the general government that still binds duced, some deciming them as a great calamity. them finally to ober lence, so fully recognized. Others regarding them with in lifter-nec, and The tora of sending a delegate to congress who others still contending that a fereign energing sits there without even a vote, and is madde, trade is proof of our national vitality and proof his stidling to obtain for the large in gress. Mr. Bayard, it his well-remembered the people. This well enough for an infact errivery, but does not suffice a great community like that which has grown up in this richest and most important of the territories of the United States. Newada with cest than half the population and not one-tenth pair, of the tustiness and wealth, rather than a dozen states with smaller resources, and several with estimated the contract of the contract, and the contract of the contra ship buildor holds that American ship building could never have attained a respectable existence, except for the aid of government. This commission is not beingly an important of the commission of the commissio voting representatives; while Washington ter-ritory is a sort of begging child, taking what it can get through the generastry of voting from its decay. Bradstreets, in its issue of skers and without standing to unforce its October 21, dritteles this position and ex-

Served of territors and small factors at remarkably less figures.

Served to be that control, 190 country. will not be redeemed for about seventy-neven certificates mainted long since, some of them more than forty years ago, and representing large sums, have never been presented for reminishes. The amount of outstanding oblijournals on the recent elections that gations that matured more than ton years ago dence in it. Never did politicians make a the maire outstry the aggregate of unclaimed mistake. The country has not declared postoffice others—that is, unclaimed for a year

add party. Most of them voted this was more intolerant in religious matters than the party was more worthy on this occasion that the party was more worthy on the party was more worthy or majority with the spirits of the class, of our nijetus—and they person that class, of our nijetus—and they more repeated which does credit nijetus.

The party was more worthy on this constant which does credit nijetus—and they read the person that class to the person their read which does credit nijetus. ralities or majorities in their favor because the bearing and to erand spirit which does credit and the altime or majorities in their 14 vor necesses me apphlicans were adjusting and settling cer-ain matters of moment in their own party. In the New York Hehrem Leader we find the it was divided; but nowhere is the democratic following generous atterance: "All religious vote; increased; nowhere indeed does it equal have horrewed and adopted our ten command." vote: increases; nowners reseen does it equal the vote cash for its candidates who were so much as the foundations of their systems of ov religion included two years ago.

no als, and all must fallow, that if any man, or refisely help federated two years ago.

It is the appublicant therefore, not the democratic, who have taken the course which has decided their elections. In doing so they have not thought of putting the democratic party into power li was their purpose to sebute and correspectatin abuses in their own party, not sectarization confidence in the democratic variables. Bid it ours to bring about this better party.

> The New York Herald some days ago set an "interviewer" upon Mr. Cleveland, the governor-elect of New York, This talk ensued: "How do you account for such a revolution? In the unnegalizity of the stalwart adminintration, or a turning of public centiment to the democratic party?" saked the correspond-en. "It is chiefly the former," was the reply. "Many things have occurred to bring the republican on by into disrepute, but the immediate cause is the interference of the national administration with state politics. The

a that any law should be declared null and condupon proof that corresp influences had been employed in its passage. The latter clause was dually structured on the state is Leone was dually structured on the section stands. The novel pastage is declared belowing a few reasons, but the rest of the section stands. The novel pastage is declared belowing a few sites times as much of whisky as of Christian. lony. The is a new crime acted to the crime fault. There are 100,000 bales of cotton grown inst catalogue. It goes beyond bribery, which in North Carplina annually. These bales will
